

Edu Emergency

Coverage that protects students during medical emergencies incurred at school or during school-related activities.

Accidents are unplanned, unexpected, costly, and very real! While you can't always prevent them, you can certainly prepare for them. In today's world, the way emergencies and injuries are handled in schools is more critical than ever.

Our Edu Emergency Assist product is specifically designed to ensure students receive the best possible treatment as quickly as possible. It provides peace of mind to everyone involved, knowing that all procedures are in place to manage any event professionally, effectively, and efficiently.

The Benefits of Edu Emergency Assist include:

- Comprehensive Information System
- Streamlined Emergency Processes
- Extensive Medical Cover

Additional Benefits include:

- Vital contact and medical information accessible 24/7, worldwide
- Complete control of the system by the school
