

Liabilities

Business coverage against legal liability for damages and injuries caused to third parties during business activities.

Liabilities insurance provides essential protection for businesses and individuals by covering the financial risks associated with legal claims and lawsuits. This type of insurance safeguards against the costs of legal defense and any resulting damages that may arise from accidents, injuries, or negligence. Whether it's a slip-and-fall incident at a business, a professional error, or damage to someone else's property, liabilities insurance ensures that you are financially protected, allowing you to focus on your operations with peace of mind.

Accident & Health:

Our Group Personal Accident programs cater to businesses of all sizes and offer individual coverage for sports professionals and school children. Additionally, our A&H team is proficient in providing critical Kidnap and Ransom coverage and Prize Indemnity policies.

Digital Distribution:

We offer a range of specialized insurance products tailored for small to medium-sized commercial entities and professionals. These products consolidate all necessary specialist covers into a single policy document, easily accessible at the press of a button.

INDIGO BROKERS
client focused. results driven.

Professional:

Our professional indemnity policies are designed to meet the needs of various key professions. The core Professional Indemnity (PI) cover is enhanced by additional extensions that address the real risks faced by modern professionals.

Liability:

Our broadform liability insurance protects businesses from legal liabilities to pay damages resulting from injury or damage caused to third parties or their property during business operations.

Financial Lines:

We offer comprehensive crime and civil liability insurance programs for financial institutions, directors, and officers. Our coverage extends across most industry sectors and includes cyber crime protection for medium to large businesses and commercial crime cover.

Motor Fleet:

We provide insurance coverage for larger commercial and corporate clients with fleets of commercial vehicles, including buses. Specialist standalone covers are available for passenger liability (blended with personal accident) and spillage/clean-up for road cargo.

Africa, Single Project & Construction:

Our offerings include annually renewable and long-term project PI and liability insurance for contractors, engineers, surveyors, consultants, and other related professions. These products are designed for construction and engineering firms working on various projects.
